

6th elets
BFSI CTO
VIRTUAL
SUMMIT

10 -11 February 2022

Driving
Innovation through
Disruptive
Technologies

About the Conference:

The pandemic re-iterated the importance of the banking & financial sector to take up digital transformation to remain resilient. The industry is going through a significant shift as it prepares to enter the next major phase of digital transformation. This has prompted the BFSI industry to upgrade their technological functions in order to prepare for the digitization of their front and back ends.

Building on the legacy of the past five years, Elets Technomedia & The Banking & Finance Post are coming back with the 6th Annual BFSI CTO Summit, a virtual gathering, on 10-11 February 2022. Hosted under the theme of 'Driving Innovation through Disruptive Technologies', the summit will gather the technology experts from the industry, who are looking to continuously optimize their current systems as well as those who are looking to implement new technologies.

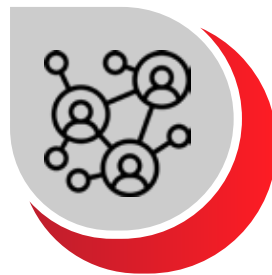

Highlights of the Conference:
