

KOCHI METRO RAIL LIMITED

A 50-50 Joint Venture of Govt. of India & Govt. of Kerala

MESSAGE

I congratulate Elets Technomedia and the Division of Civil Engineering, School of Engineering, Cochin University of Science and Technology (CUSAT) for organising “National Railway & Transport Innovation Summit” on 17th March 2023. Kochi Metro Rail Limited takes immense pride in being the host partner of this pertinent event.

I would also like to congratulate Elets eGov magazine for its special issue, highlighting the nation’s proactive initiatives towards future mobility.

We have recently launched several new services and facilities, including integrating the metro with other modes of transportation, introducing Smart Card and RFID Card services, and implementing state-of-the-art security measures. These initiatives aim to provide our passengers with a safe, convenient, and seamless commuting experience.

I am confident that this summit will provide an ideal platform for policymakers and industry experts to explore best practices and collaboration opportunities. We are proud of our progress so far and are confident that our continued efforts will lead to a brighter future for Kochi's transportation sector.

I wish the Summit all success!

Loknath Behera
Managing Director
